

ANTONANGELI CONTEMPORARY DESIGN

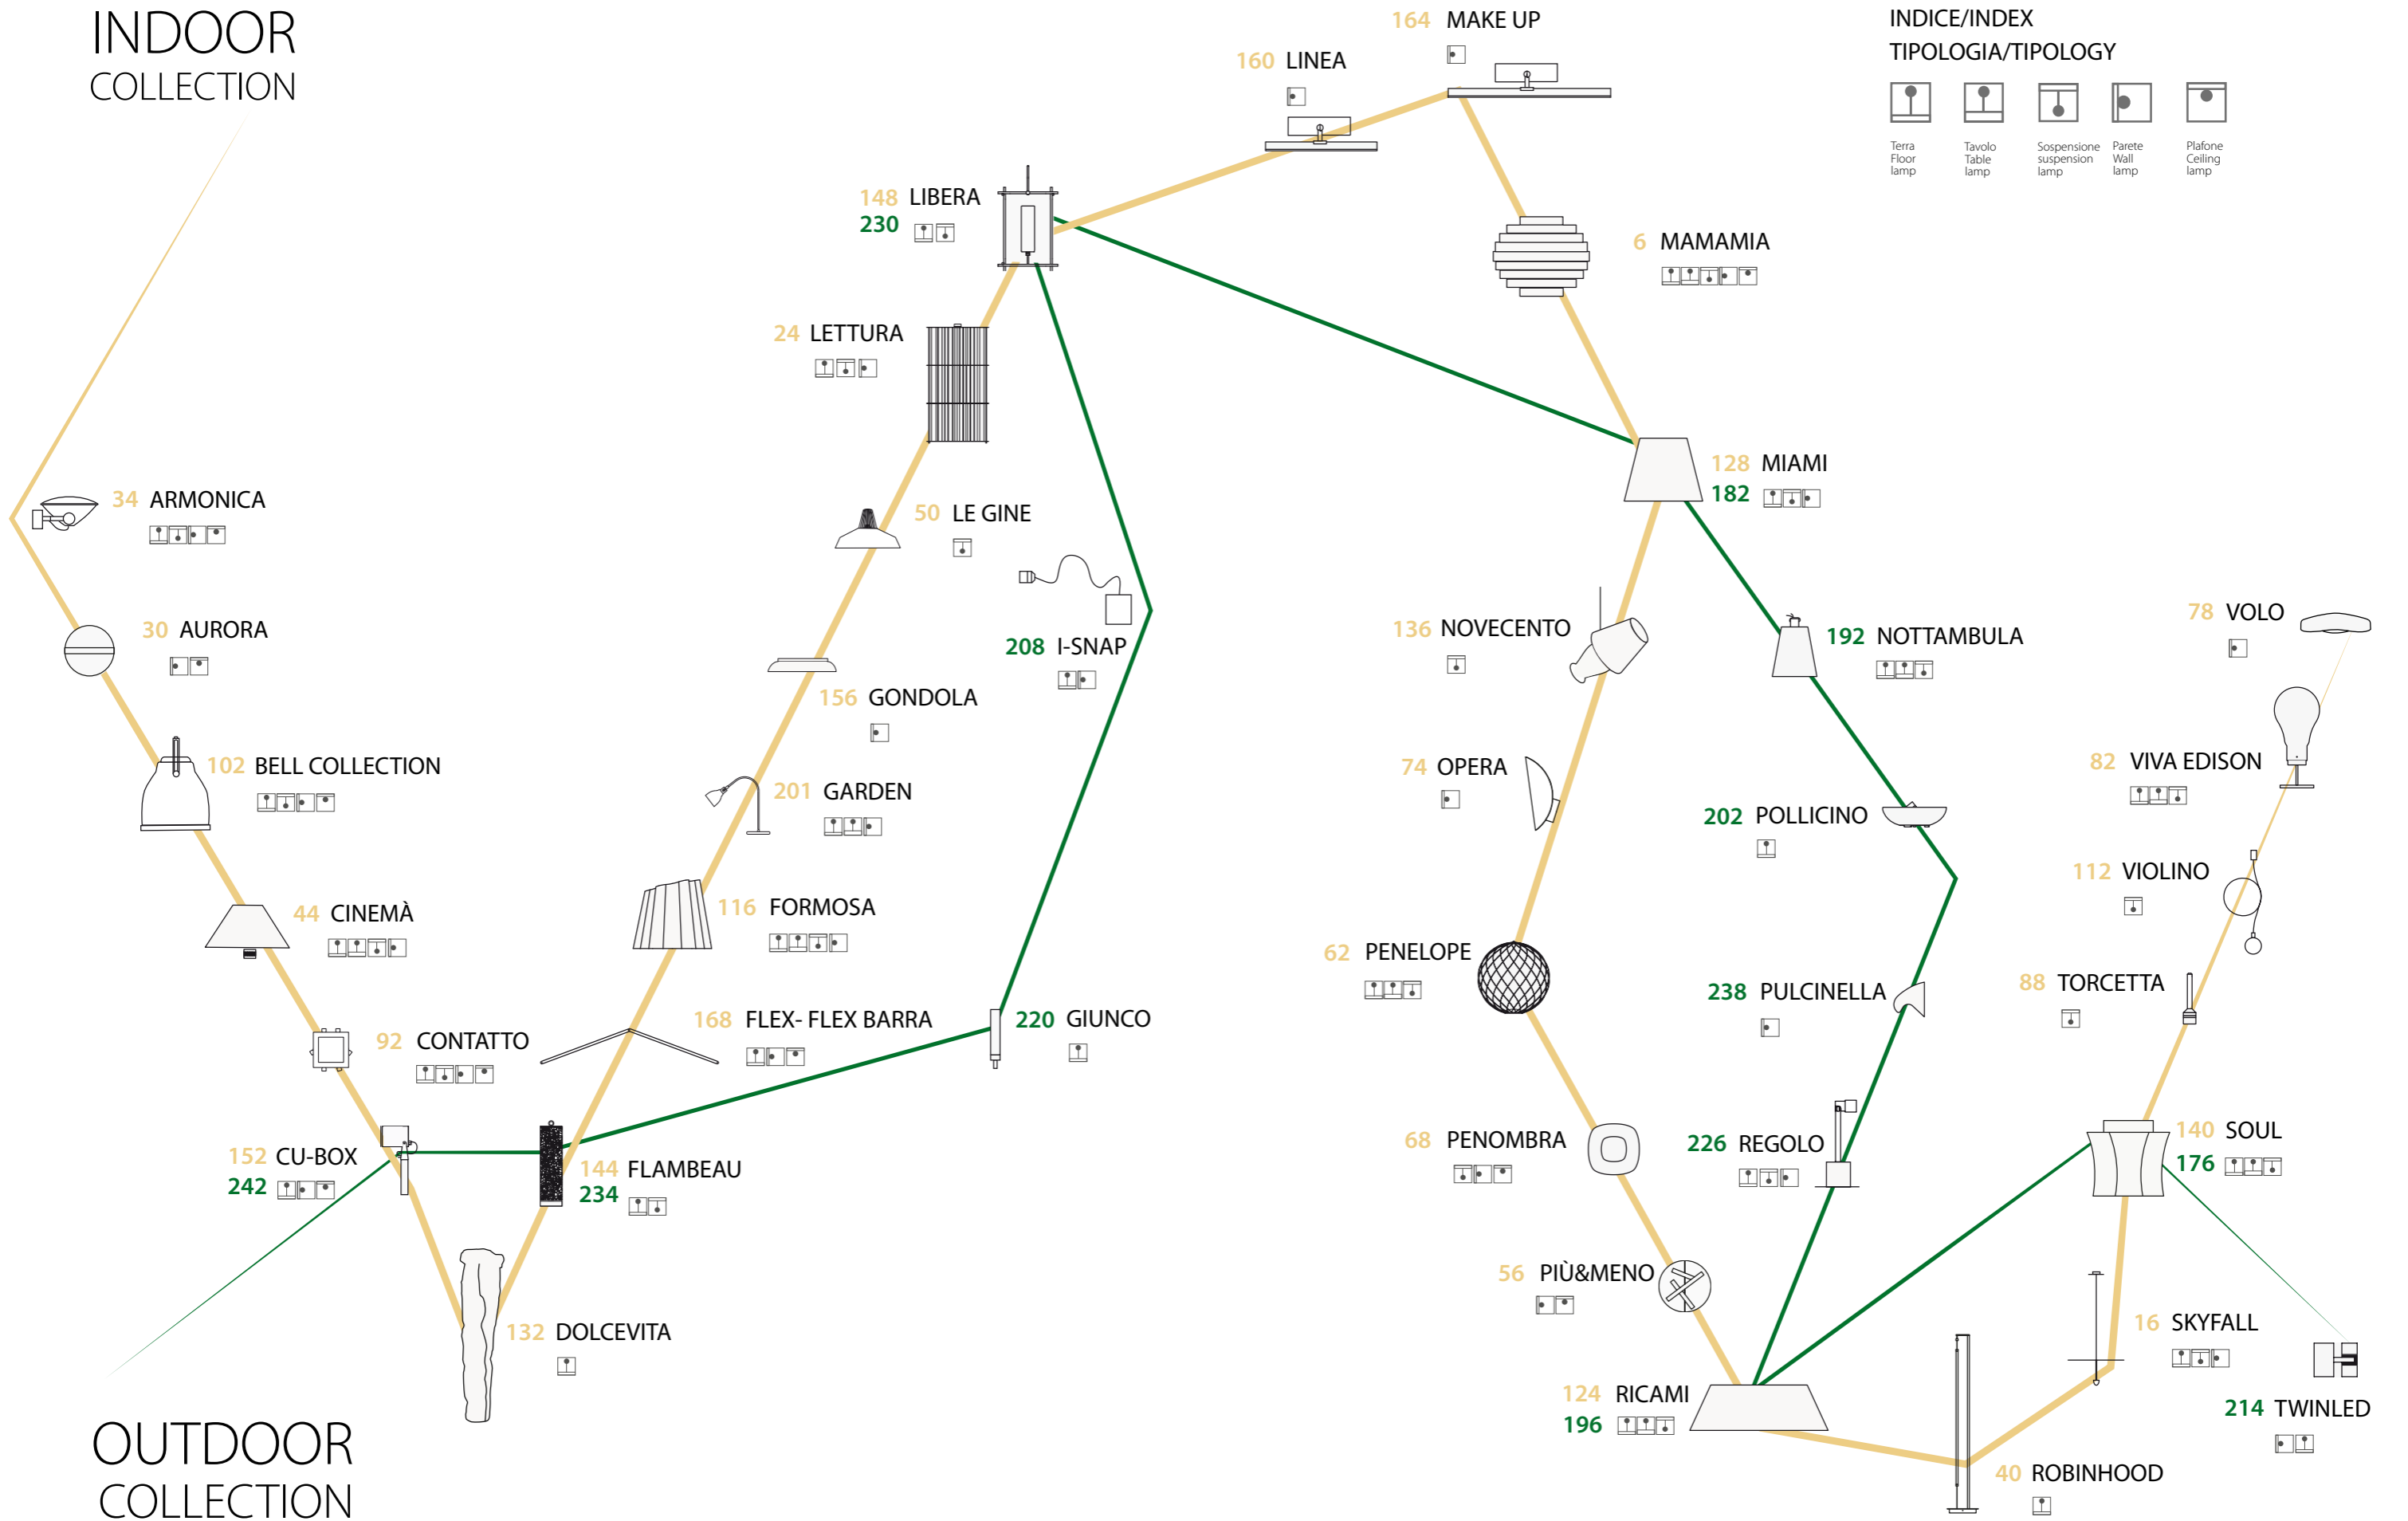

ANTONANGELI CONTEMPORARY DESIGN

LA MATERIA E LA LUCE: DALL'INVENZIONE ALL'ARMONIA. MATTER AND LIGHT: FROM INVENTION TO HARMONY.

Antonangeli Illuminazione nasce nel 1977, indirizzando la sua attenzione al design e alla creazione di corpi illuminanti di forte personalità, con la volontà di esprimere un concetto di luce che sia 'funzione' ed 'emozione' contemporaneamente. Nel 2007 Antonangeli entra nel mondo dell'illuminazione esterna con una visione inedita: creare una luce che all'esterno producesse le emozioni e la vivibilità che crea la luce negli interni. Indagando il mercato e seguendo i suggerimenti di una nota paesaggista, Antonangeli dà avvio ad una serie di collezioni 'Outdoor', che ha come motto: 'bisogna rispettare il buio'. La costante coerenza progettuale scaturisce dalla ricerca di soluzioni che non si limitano al semplice progetto formale, all'applicazione delle tecnologie, ma si cimenta con le materie e con i processi di lavorazione. Questo fa di Antonangeli un unicum senza paragoni. Ogni collezione nasce da uno studio approfondito: su materiali nuovi o tradizionali trattati in modo esclusivo, su soluzioni produttive antiche o mai sperimentate. Il risultato sono forme di luce sorprendenti.

Antonangeli Illuminazione was founded in 1977 and immediately directs his attention to the design and creation of lighting with a strong personality: focusing its interest on a concept of light that is 'function' and 'emotion' at the same time. In 2007 enters the Outdoor lighting world – the Outdoor with an unusual view hitherto: creating a light outside that would produce the same emotions and livability that normally creates the light in the interior. Carefully analyzing the market and the proposals and thanks to the suggestions of a landscape architect, Antonangeli gives rise to a serie of 'Outdoor' collections that has as its motto: 'we must respect the dark'. Antonangeli offers solutions which go beyond the simple formal project and technical applications by experimenting with unusual materials which requires special working procedures; at times craft, other times technically highly sophisticated. This alone has made Antonangeli an unicum in his field. he Antonangeli's collections are made of a deep and patient study on traditional materials worked in a new way, new materials as well as productive solutions never before tested in the field of lighting. The result is exciting forms of lighting.

PIÙ&MENO

design Sebastiano Tosi 2019

Progetto che nasce dall'idea di creare un oggetto di luce, in continua evoluzione, che comunichi con il fruitore creando un linguaggio inedito e personale, animato e ludico, contemporaneo e interattivo. Segmenti luminosi si applicano sul disco liberamente, attraverso un magnete: variando così la densità luminosa a seconda della loro disposizione.

Project born from the idea of creating an object of light, in continuous evolution, that communicates with the user, creating a new and personal, animated and playful, contemporary and interactive language. Luminous segments are applied to the disk freely, through a magnet: thus varying the luminous density according to their arrangement.

OUTDOOR
COLLECTION

SOUL

design Romeo Guaricci 2019

Collezione che traduce forme conosciute, in un oggetto dal segno innovativo, esclusivo, in grado di personalizzare ogni tipo di ambiente. La luce che diffonde, nasce dal contrasto tra volume e trasparenza, nell'accordo tra l'originale rivestimento a "tricot" e lo scheletro in metallo che la sostiene.

Collection that translate iconic shapes into an object with an innovative, exclusive sign, able to personalize any type of environment. The light that it diffuses comes from the contrast between volume and transparency, in the agreement between the original "tricot" coating and the metal structure that supports it.

Le maglie Ecofibra sono un tessuto tecnico infrangibile, bio-compatibile ed estremamente resistente ai raggi UV: durevole e particolarmente adatto all'impiego outdoor. La presenza del vinile rende il tessuto impermeabile e lavabile in lavatrice a 30°: atossico e antibatterico.

The Ecofibra sweaters are an unbreakable, bio-compatible and extremely UV-resistant technical fabric: durable and particularly suitable for outdoor use. The presence of vinyl makes the fabric waterproof and machine washable at 30°: non-toxic and antibacterial.

BRONZO/BRONZE

I SNAP

R&S Antonangeli 2007

Lampada costituita da una asta in rame duttile, che permette di direzionare la luce a LED ed ottenere gli effetti luminosi desiderati. Utilizzabile singolarmente o in aggregato, per esilità visiva e dimensioni della fonte luminosa, è ideale per l'illuminazione di piante in vaso o cespugli. Il rame, non trattato, consente, grazie alla naturale ossidazione, un'integrazione formale e visiva con i rami delle piante e il paesaggio.

Lamp consisting of a ductile copper rod, which allows to direct the LED light and obtain the desired lighting effects. It can be used singularly or in aggregate, due to the visual slenderness and size of the light source, it is ideal for lighting potted plants or bushes. Untreated copper allows, thanks to natural oxidation, a formal and visual integration with plant branches and the landscape.

GARANZIA

Questo prodotto realizzato con materiali di qualità, viene garantito da Antonangeli, per due anni, a partire dalla data di acquisto. La garanzia dà diritto alla riparazione o sostituzione gratuita di quelle parti di prodotto sulle quali si riscontrano difetti di fabbricazione, rilevati entro il periodo coperto dalla stessa. Esulano dalla garanzia danni causati da trasporto, derivanti da manomissioni o da manutenzioni improprie. In caso di difetto, il prodotto va riconsegnato, se possibile con imballo originale al rivenditore presso cui è stato acquistato, insieme al certificato di garanzia. Ogni prodotto Antonangeli è coperto da polizza assicurativa per la responsabilità civile prodotti. Per qualsiasi controversia sarà competente, in via esclusiva, il foro di Milano, Italia.

WARRANTY

This product is manufactured using high quality materials, and Antonangeli guarantees it for two years from date of purchase. The certificate warrants that those part of the product defective by improper workman ship will be replaced or repaired free of charge during all the period of guarantee's validity. This guarantee does not apply to shipping damage, misuse or improper maintenance. In case of defective parts the product must be handed, along with the guarantee certificate and if possibile in its original package to the dealer who sold it. All Antonangeli products are covered by an insurance police. Court of law competent to consider claims concerning this product is that of Milan, Italy.
